HEATH RECYCLES!

It is important that everyone do their part to recycle – it's good for the environment, it's good for you, and it's good for the Town. And, it's easy!

Recycling is required and mandatory in the Commonwealth of Massachusetts (310CMR19.017). All glass, metal, plastic, paper, including cardboard, are prohibited and must be recycled.

METAL: aluminum, tin/steel cans and lids and aluminum foil (labels ok); EMPTY aerosol cans from food products

PAPER: All paper and cardboard must be clean & dry and please break down **before** you arrive at the transfer station; junk mail (plastic windows okay); Boxboard (cereal, shoe, cracker boxes, etc. – remove plastic liners); newspapers/inserts, magazines, catalogs, paper bags, white and colored office paper, computer paper, corrugated cardboard (flatten, remove tape and string); paperbacks and phone books; pizza boxes (only portions not contaminated by food or grease); gift wrap (no metallic or glitter); gift bags, cards. Boxes that contained refrigerated or frozen items including beer boxes or holders are **NOT** recyclable as they contain plastic fibers to keep them from breaking down.

NO soda or beer holders/cartons

NO waxed paper or waxed cardboard

NO egg cartons

PLASTIC / GLASS:

Glass bottles/jars; plastic containers less than 2 gallons -- labels, lids, corks, neck rings, etc. are ok but only if attached to container; milk and juice cartons (tent top), drink boxes (remove straws & caps, flatten); plastic bottles, jars, clamshells and tubs (remove pumps). Labels and detergent spouts may be left on; health and beauty aid products are okay

NO light bulbs, window or auto glass, dishes, glasses, Pyrex, ceramics, broken glass, or black plastic

NO paint or other metal objects

NO plastic bags, containers over 2 gallons, motor oil jugs, chemical or Styrofoam containers or flower pots.

SALVATION ARMY BOX: Please discard any stained or ripped fabric, clothing, and shoes as well as books, tapes, CDs, DVDs, and small toys in closed bags in the Salvation Army Box. This saves space in the compactor.

 **recycle**
The possibilities are endless.
